

EXCEPTIONAL SOLUTIONS CALLED HOMES

OUR EXPERTISE & EXPERIENCE IN MAJOR RESIDENTIAL PROJECTS

#VOCAL फॉर LOCAL

ADVANTAGES OF INTERARCH LIFE:

- Easy Installation and Speedy construction
- Robust Structural Performance
- Time Saving in overall project construction
- Sustainable Construction
- Dry Wall construction technology for interior and exterior finishes
- Pollution-free construction technology and application
- The system can be adapted to any building layout
- Can be customized to meet a specific requirement, i.e. shape, size, and design
- Insulation system for better thermal performance reduces energy consumption and acts as a sound barrier from outside
- Earthquake & wind-resistant design and construction
- Termite & Fire resistant
- Longer Life Span and easy to maintain
- Dismantling possibilities with ease, if required
