**Interarch Expands with 20-Acre Land Acquisition in Andhra Pradesh, for its Unit 2.
New Facility to be set up for manufacturing Pre-Engineered Heavy Steel Structures.**

- 20-acre industrial land acquired adjacent to existing plant, to set up a state-of-the-art Pre-Engineered Heavy Steel Structure manufacturing facility.
- New facility to boost capacity, create jobs, and strengthen pan-India presence.

Andhra Pradesh, May 19TH 2025: Interarch Building Solutions Limited, a pioneer in Pre-Engineered Building (PEB) solutions has announced the acquisition of 20 acres of industrial land adjacent to its existing manufacturing plant in Attivaram Village, District Nellore, Andhra Pradesh. This strategic expansion will be dedicated to Pre-Engineered Heavy Steel Structures.

The upcoming facility is twice the size of the adjacent plant and aims to meet the rising demand from sectors such as infrastructure, data centers, semiconductor manufacturing plants, renewable energy units etc. This expansion will significantly enhance Interarch's installed capacity and technical capabilities.

Arvind Nanda, Managing Director, Interarch Building Solutions Limited, said, "This unit 2 expansion represents a major leap in our journey to scale up operations and serve the growing demand for high-performance pre-engineered structural steel solutions. With this new facility, we are strengthening our ability to deliver complex, large-scale projects across new age sectors like data centers, semiconductor manufacturing plants and renewable energy sector. This move underscores our long-term vision to be at the forefront of India's infrastructure growth and to generate meaningful impact through technology, innovation, and employment creation."

This development follows the successful commissioning of Interarch's AP Phase-1 manufacturing facility in September 2024 and the ongoing construction, currently underway, and as scheduled is expected to be commissioned by June end.

Interarch Pre- Pre-Engineered Buildings

Interarch Building Solutions Limited commenced its operations in 1983. Today, 40 years later, Interarch is one of the leading turnkey pre-engineered steel construction solution providers in India with integrated facilities for design and engineering, manufacturing, and on-site project management capabilities for the installation and erection of pre-engineered steel buildings.

TRACDEK® Metal Roofing & Cladding Systems

We manufacture world-class pre-engineered roofing and cladding systems designed to meet custom requirements. Our extensive portfolio includes the Hi-Rib Roofing & Cladding System, Klippon Roofing & Cladding System, and SS-2000 Standing Seam Roofing System. Each of these solutions is engineered to provide exceptional performance and durability, ensuring that we meet a wide range of needs with precision and reliability.

Trac® Ceilings

Our TRAC® range of metal ceilings are manufactured from fully recyclable materials and are pre-painted and prefabricated in our factory. The ceiling systems are friendly to handle and will not promote the growth of bacteria and fungi. TRAC® ceilings exhibit excellent corrosion resistance. They can withstand very high humidity (up to 100 %) and are suitable for use in outdoor applications.

Interarch Life: Non-Industrial Buildings

We offer a state-of-the-art solution for non-industrial buildings through our innovative load-bearing wall framing systems, crafted to support lightweight structures. Embracing a hassle-free drywall construction approach, these systems guarantee swift and efficient assembly, simplifying the construction process for our esteemed clients. With a focus on durability and safety, our load-bearing wall framing systems are engineered to be earthquake and termite-proof, providing robust protection for the structure and its occupants.

Moreover, these systems offer the flexibility of dismantling if required, providing adaptability for future changes or modifications. These structures can be custom-made according to the specific plans, accommodating varying shapes, sizes, and designs to meet the exact needs of customers.
